

PRIOR EXPERIENCE

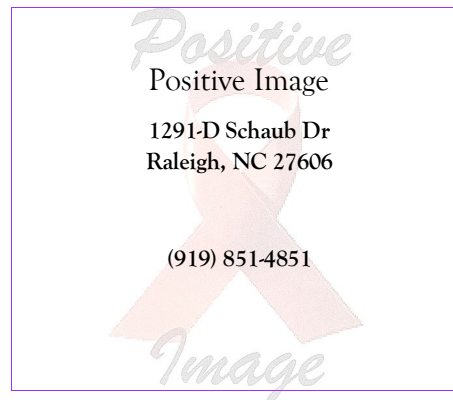

I will do just about anything, but one of my better aspects is with paper media (IE, brochures, business cards, etc). If you would like to see my past work, I would appreciate you surfing over to:

<http://www.positiveimagenc.com> and clicking the "document" tab, where I have a few files in PDF .

Product/Service Information

**ISN'T THAT WHAT JESUS
COMMANDS?**

positiveimage@positiveimagenc.com

ABOUT MYSELF

What is a Positive Image?

First of all, I am not incorporated. I started *Positive Image* after becoming aware that I was HIV positive and first looked toward photography. When it was evident that idea wasn't going anywhere, I decided to use it as my volunteer header.

I do my very best to give a "positive image" in whatever I do!

I am looking to use my time and talent to help you help others, virtually. By utilizing Microsoft Office along with Publisher, I hope to help create something that will

help grow your business or satisfy your need's.

All this through the power of the internet, email, and instant messaging. I currently use only MSN and Yahoo, but can download an all-in-one program to utilize any of the major IM clients.

Besides, isn't that what Jesus commands?

Positive Image is owned by Leslie Adams in Raleigh NC.

I do not buy email addresses nor will I send anything unsolicited to you. If I am not putting anything together for you, personally, you may not even hear from me.

This is a basic brochure to let you, the interested consumer, know what is on the table. I hope to serve you soon.

A handwritten signature in black ink that reads "Leslie Adams".
